1 December 1986

	MEMORANDUM FOR: ILSP Working Group Members
STAT	FROM:
•	Chairman, ILSP Working Group
	SUBJECT: ILSP Working Group Minutes - 26 November 1986
·	
STAT	1. The ILSP Working Group was convened by ILSP Working Group Chairman, at 1100 hours on 26 November 1986 in Room 7D32 Headquarters. The following Directorate representatives were present:
STAT	DCI Representative
	DO Representative
	DI Representative
	DA Representative
	DA/OS Representative
· ·	DA/OL/F:ND Representative
STAT	opened the meeting by introducing himself as the new manager of the Integrated Logistics Support Program (ILSP). He further stated his intention to reinstitute the monthly meeting of the ILSP Norking Group. The Norking Group provides a forum where Directorate Representatives and ILSP Planners can discuss items of concern relating to the consolidation of Agency facilities in the Nashington Metro Area
STAT	3. The meeting continued with describing some of the recent ILSP activities and reviewing the current ILSP planning schedule. Copies of the briefing charts are attached. All members are reminded that the planning schedules are not officially approved and are at this time planning documents only.
STAT	4. informed the Working Group of the recent organizational changes within the Facilities Management Division (FMD). These changes were made in order to address

OL 10247-86

SUBJECT: ILSP Working Group Minutes - 26 November 1986

the consolidation issues facing FMD in the next several years. Most significant was the formation of the Headquarters Consolidation Staff (HCS). The staff will address the many problems associated with the renovation, remodeling and backfill of the Original Headquarters Building (OHB). The Working Group was alerted that HCS will be contacting each directorate in the near future to confirm requirements for the OHB.

- 5. Two Action Items were generated from the meeting. The first was a request that each directorate representative provide a list of contacts for each office within their directorate. The ILSP team will use this information to set up meeting with each office. Secondly, each directorate representative was asked to review a move checklist developed by the ILSP team. The checklist is intended as a tool to determine roughly the size of each office relocation. Working from the checklist, the ILSP team and the offices will be able to identify problem areas and develop appropriate solutions.
- 6. The next meeting of the ILSP Working Group is scheduled for 1000 hours, Tuesday, 6 January 1987 in Room 3E14 Headquarters.
